

STEP 1
Professional installation is recommended

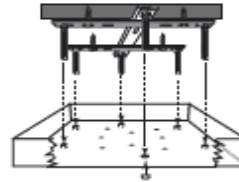

1. Install bracket to ceiling, make sure it is installed properly and well secured.
2. Connect electrical wires. Secure canopy by closing the bolts with screws on the bracket.
3. Screw Glass tube to Lamp Holder
4. Adjust heights by pushing the wire inside or press the lever at the top to release.

STEPS TO INSTALL

Professional installation is recommended

1. Install bracket to ceiling, make sure it is installed properly to a beam in order to support the weight.

2. Connect electrical wires. Secure canopy by closing the bolts with screws on the bracket.

3. Cut all the tie raps from the wires to release.

Insert bulbs and the crystal globes.
